#### Item 2.02 Results of Operations and Financial Condition.

On May 7, 2024, Datadog, Inc. (the "Company") issued a press release announcing its financial results for the quarter ended March 31, 2024. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The information contained in this Item 2.02, including Exhibit 99.1 hereto, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing made by the Company under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language in such filings, unless expressly incorporated by specific reference in such filing.

### Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On May 7, 2024, the Company announced that Amit Agarwal will be resigning from his position as President of the Company effective December 31, 2024 (the "Effective Date"). Following the Effective Date, the Board of Directors of the Company (the "Board") intends to increase the size of the Board from eight to nine and appoint Mr. Agarwal to the Board to fill the resulting vacancy.

### **Datadog Announces First Quarter 2024 Financial Results**

May 7, 2024

First quarter revenue grew 27% year-over-year to \$611 million

Strong growth of larger customers, with about 3,340 \$100k+ ARR customers, up from about 2,910 a year ago

Announced general availability of Bits AI for Incident Management, Event Management, Error Tracking for Logs, and Mobile App

Testing

NEW YORK-- Datadog, Inc. (NASDAQ:DDOG), the monitoring and security platform for cloud applications, today announced financial results for its first guarter ended March 31, 2024.

"Datadog executed solidly in the first quarter, with 27% year-over-year revenue growth and continued product innovation across our platform," said Olivier Pomel, co-founder and CEO of Datadog.

Pomel added, "Companies of every industry and size are deploying new technologies to deliver better customer experiences and business outcomes. At Datadog, we're focused on helping our customers observe, secure, and take action on their complex systems, so they can migrate to cloud and modern DevOps with confidence."

#### First Quarter 2024 Financial Highlights:

- Revenue was \$611 million, an increase of 27% year-over-year.
- GAAP operating income was \$12 million; GAAP operating margin was 2%.
- Non-GAAP operating income was \$164 million; non-GAAP operating margin was 27%.
- GAAP net income per diluted share was \$0.12; non-GAAP net income per diluted share was \$0.44.
- Operating cash flow was \$212 million, with free cash flow of \$187 million.
- Cash, cash equivalents, and marketable securities were \$2.8 billion as of March 31, 2024.

#### First Quarter & Recent Business Highlights:

• As of March 31, 2024, we had about 3,340 customers with ARR of \$100,000 or more, an increase of 15% from about 2,910 as of March 31, 2023.

- Announcing that Amit Agarwal will be stepping down as President. Agarwal will remain in his role until the end of 2024 to
  ensure continuity and a successful transition. After his departure, Agarwal is expected to join the Datadog Board of
  Directors.
- Announced the general availability of IT Event Management, an addition to our suite of AlOps capabilities. With Event
  Management, Datadog intelligently consolidates, correlates and enriches event alerts from Datadog and third-party tools
  into one consistent view so teams get the full context of an incident and can proactively discover, understand and resolve
  issues.
- Published our annual State of DevSecOps 2024 report. The report found that a surprising amount of organizations aren't embracing automation when it comes to securing cloud deployments.
- Received the Google Cloud Technology Partner of the Year awards for: AppDev CloudOps and Marketplace Infrastructure. This is the second consecutive year Datadog has been recognized for its achievements in the Google
  Cloud ecosystem, providing joint customers with unified, real-time observability and security of their Google Cloud
  environments.
- Announced the return of DASH, Datadog's annual user conference, to New York City. The conference will take place
   June 25-26, 2024 at North Javits Center in New York City.

#### Second Quarter and Full Year 2024 Outlook:

Based on information as of today, May 7, 2024, Datadog is providing the following guidance:

- Second Quarter 2024 Outlook:
  - Revenue between \$620 million and \$624 million.
  - Non-GAAP operating income between \$134 million and \$138 million.
  - Non-GAAP net income per share between \$0.34 and \$0.36, assuming approximately 360 million weighted average diluted shares outstanding.
- Full Year 2024 Outlook:
  - Revenue between \$2.59 billion and \$2.61 billion.
  - Non-GAAP operating income between \$585 million and \$605 million.
  - Non-GAAP net income per share between \$1.51 and \$1.57, assuming approximately 361 million weighted average diluted shares outstanding.

Datadog has not reconciled its expectations as to non-GAAP operating income, or as to non-GAAP net income per share, to their most directly comparable GAAP measure as a result of uncertainty regarding, and the potential variability of, reconciling items such as stock-based compensation and employer payroll taxes on

equity incentive plans. Accordingly, reconciliation is not available without unreasonable effort, although it is important to note that these factors could be material to Datadog's results computed in accordance with GAAP.

#### **Conference Call Details:**

- What: Datadog financial results for the first quarter of 2024 and outlook for the second quarter and the full year 2024
- When: May 7, 2024 at 8:00 A.M. Eastern Time (5:00 A.M. Pacific Time)
- **Dial in:** To access the call in the U.S., please register here. Callers are encouraged to dial into the call 10 to 15 minutes prior to the start to prevent any delay in joining.
- Webcast: https://investors.datadoghq.com (live and replay)
- Replay: A replay of the call will be archived on the investor relations website

#### **About Datadog**

Datadog is the observability and security platform for cloud applications. Our SaaS platform integrates and automates infrastructure monitoring, application performance monitoring, log management, user experience monitoring, cloud security and many other capabilities to provide unified, real-time observability and security for our customers' entire technology stack. Datadog is used by organizations of all sizes and across a wide range of industries to enable digital transformation and cloud migration, drive collaboration among development, operations, security and business teams, accelerate time to market for applications, reduce time to problem resolution, secure applications and infrastructure, understand user behavior, and track key business metrics.

#### **Forward-Looking Statements**

This press release and the earnings call referencing this press release contain "forward-looking" statements, as that term is defined under the federal securities laws, including but not limited to statements regarding Datadog's strategy, product and platform capabilities, the growth in and ability to capitalize on long-term market opportunities including the pace and scope of cloud migration and digital transformation, gross margins and operating margins including with respect to sales and marketing, research and development expenses, net interest and other income, investments and capital expenditures, and Datadog's future financial performance, including its outlook for the second quarter and the full year 2024 and related notes and assumptions. These forward-looking statements are based on Datadog's current assumptions, expectations and beliefs and are subject to substantial risks, uncertainties, assumptions and changes in circumstances that may cause Datadog's actual results, performance or achievements to differ materially from those expressed or implied in any forward-looking statement.

The risks and uncertainties referred to above include, but are not limited to (1) our recent rapid growth may not be indicative of our future growth; (2) our history of operating losses; (3) our limited operating history; (4) our

dependence on existing customers purchasing additional subscriptions and products from us and renewing their subscriptions; (5) our ability to attract new customers; (6) our ability to effectively develop and expand our sales and marketing capabilities; (7) risk of a security breach; (8) risk of interruptions or performance problems associated with our products and platform capabilities; (9) our ability to adapt and respond to rapidly changing technology or customer needs; (10) the competitive markets in which we participate; (11) risks associated with successfully managing our growth; and (12) general market, political, economic, and business conditions including concerns about reduced economic growth and associated decreases in information technology spending. These risks and uncertainties are more fully described in our filings with the Securities and Exchange Commission (SEC), including in the section entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2023, filed with the SEC on February 24, 2024. Additional information will be made available in our Quarterly Report on Form 10-Q for the guarter ended March 31, 2024 and other filings and reports that we may file from time to time with the SEC. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forwardlooking statements we may make. In light of these risks, uncertainties and assumptions, we cannot guarantee future results, levels of activity, performance, achievements, or events and circumstances reflected in the forward-looking statements will occur. Forward-looking statements represent our beliefs and assumptions only as of the date of this press release. We disclaim any obligation to update forward-looking statements.

#### **About Non-GAAP Financial Measures**

Datadog discloses the following non-GAAP financial measures in this release and the earnings call referencing this press release: non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses (research and development, sales and marketing and general and administrative), non-GAAP operating income (loss), non-GAAP operating margin, non-GAAP net income (loss), non-GAAP net income (loss) per diluted share, non-GAAP net income (loss) per basic share, free cash flow and free cash flow margin. Datadog uses each of these non-GAAP financial measures internally to understand and compare operating results across accounting periods, for internal budgeting and forecasting purposes, for short- and long-term operating plans, and to evaluate Datadog's financial performance. Datadog believes they are useful to investors, as a supplement to GAAP measures, in evaluating its operational performance, as further discussed below. Datadog's non-GAAP financial measures may not provide information that is directly comparable to that provided by other companies in its industry, as other companies in its industry may calculate non-GAAP financial results differently, particularly related to non-recurring and unusual items. In addition, there are limitations in using non-GAAP financial measures because the non-GAAP financial measures are not prepared in accordance with GAAP and may be different from non-GAAP financial measures used by other companies and exclude expenses that may have a material impact on Datadog's reported financial results.

Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. A reconciliation of the historical non-GAAP financial measures to their most directly comparable GAAP measures has been provided in the financial statement tables included below in this press release.

Datadog defines non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating expenses (research and development, sales and marketing and general and administrative), non-GAAP operating income (loss), non-GAAP operating margin and non-GAAP net income (loss) as the respective GAAP balances, adjusted for, as applicable: (1) stock-based compensation expense; (2) the amortization of acquired intangibles; (3) employer payroll taxes on employee stock transactions; (4) amortization of issuance costs; and (5) an assumed provision for income taxes based on our long-term projected tax rate. Our estimated long-term projected tax rate is subject to change for a variety of reasons, including the rapidly evolving global tax environment, significant changes in Datadog's geographic earnings mix, or other changes to our strategy or business operations. We will reevaluate our long-term projected tax rate as appropriate. Datadog defines free cash flow as net cash provided by operating activities, minus capital expenditures and minus capitalized software development costs, if any. Investors are encouraged to review the reconciliation of these historical non-GAAP financial measures to their most directly comparable GAAP financial measures.

Management believes these non-GAAP financial measures are useful to investors and others in assessing Datadog's operating performance due to the following factors:

Stock-based compensation. Datadog utilizes stock-based compensation to attract and retain employees. It is principally aimed at aligning their interests with those of its stockholders and at long-term retention, rather than to address operational performance for any particular period. As a result, stock-based compensation expenses vary for reasons that are generally unrelated to financial and operational performance in any particular period.

Amortization of acquired intangibles. Datadog views amortization of acquired intangible assets as items arising from preacquisition activities determined at the time of an acquisition. While these intangible assets are evaluated for impairment regularly, amortization of the cost of acquired intangibles is an expense that is not typically affected by operations during any particular period.

Employer payroll taxes on employee stock transactions. Datadog excludes employer payroll tax expense on equity incentive plans as these expenses are tied to the exercise or vesting of underlying equity awards and the price of Datadog's common stock at the time of vesting or exercise. As a result, these taxes may vary in any particular period independent of the financial and operating performance of Datadog's business.

Amortization of issuance costs. In June 2020, Datadog issued \$747.5 million of convertible senior notes due 2025, which bear interest at an annual fixed rate of 0.125%. Debt issuance costs, which reduce the carrying value of the convertible debt instrument, are amortized as interest expense over the term. The expense for the amortization of debt issuance costs is a non-cash item, and we believe the exclusion of this interest expense will provide for a more useful comparison of our operational performance in different periods.

Additionally, Datadog's management believes that the non-GAAP financial measure free cash flow is meaningful to investors because it is a measure of liquidity that provides useful information in understanding and evaluating the strength of our liquidity and future ability to generate cash that can be used for strategic opportunities or investing in our business. Free cash flow represents net cash provided by operating activities, reduced by capital expenditures and capitalized software development costs, if any. The reduction of capital expenditures and amounts capitalized for software development facilitates comparisons of Datadog's liquidity on a period-to-period basis and excludes items that management does not consider to be indicative of our liquidity.

#### **Operating Metrics**

Datadog's number of customers with ARR of \$100,000 or more is based on the ARR of each customer, as of the last month of the quarter.

We define the number of customers as the number of accounts with a unique account identifier for which we have an active subscription in the period indicated. Users of our free trials or tier are not included in our customer count. A single organization with multiple divisions, segments or subsidiaries is generally counted as a single customer. However, in some cases where they have separate billing terms, we may count separate divisions, segments or subsidiaries as multiple customers.

We define ARR as the annualized revenue run-rate of subscription agreements from all customers at a point in time. We calculate ARR by taking the monthly recurring revenue, or MRR, and multiplying it by 12. MRR for each month is calculated by aggregating, for all customers during that month, monthly revenue from committed contractual amounts, additional usage, usage from subscriptions for a committed contractual amount of usage that is delivered as used, and monthly subscriptions. ARR and MRR should be viewed independently of revenue, and do not represent our revenue under GAAP on a monthly or annualized basis, as they are operating metrics that can be impacted by contract start and end dates and renewal rates. ARR and MRR are not intended to be replacements or forecasts of revenue.

Net income per share before non-GAAP tax adjustments - basic	\$ 0.59	\$ 0.31
Net income per share before non-GAAP tax adjustments - diluted	\$ 0.55	\$ 0.28
Net income per share after Non-GAAP tax adjustments - basic	\$ 0.48	\$ 0.25
Net income per share after Non-GAAP tax adjustments - diluted	\$ 0.44	\$ 0.23
Shares used in non-GAAP net income per share calculations:		
Basic	331,806	319,286
Diluted	355,979	345,934

<sup>1)</sup> Non-GAAP financial information for the periods shown are adjusted for an assumed provision for income taxes based on our long-term projected tax rate of 21%. Due to the differences in the tax treatment of items excluded from non-GAAP earnings, our estimated tax rate on non-GAAP income may differ from our GAAP tax rate and from our actual tax liabilities.
